

## **SCOPE OF WORK**

### **DESTRUCTION OF ARMoured VEHICLES IN IZ, BAGHDAD, IRAQ**

#### **1. Purpose**

UNAMI office (United Nations Assistance Mission for Iraq) is attempted to identify a suitable vendor in order to conduct the destruction of armoured vehicles that are currently parked in Baghdad. The vehicles in question were already written off and subsequently approved by the Local Property Survey Board for destruction beyond their restoration. The works include the supply of all materials, tools, equipment, transportation and labour necessary for the completion of the services required.

#### **2. General Provisions for Destruction**

Armoured body and glass elements of the vehicles are to be rendered un-usable and un-repairable by extensive cutting. The vendor should use equipment to cut the armoured shell into at least 8 (eight) pieces, doors and panels shall be cut beyond repair.

The vendor will also remove all other scrap and waste generated by the destruction from UNAMI premises to an Iraqi Government approved disposal site in Baghdad.

#### **3. Period of Contract**

The period of contract shall be for one year effective from the date of award the result contract, subject to extension for additional two years, one year at a time upon satisfactory performance.

#### **4. Safety and Security**

- a. Vendor shall be responsible for safety and security of his/her equipment that are brought in for destruction of vehicles.
- b. The vendor is responsible for any injuries to their personnel during the process of destruction of vehicles.

c. UNAMI will not compensate for any injuries that taken place during the course of destruction of vehicles.

d. The vendor is responsible for Movement and escort of materials, workers from and to the work location inside the international zone.

#### **5. Witnesses during the destruction.**

The destruction of each vehicle is to be witnessed by a mission representative preferably one from Transport Staff and one from PCIU Staff.

#### **6. Destruction Certificate**

A destruction certificate signed by both vendor and witnesses is to be provided to STS and to Chief PCIU as verification that the vehicles are destroyed. Upon receipt of destruction certificate, the Chief PCIU will archive the vehicles in Galileo.

#### **7. Invoicing:**

a) UNAMI will certify the invoice only when the work has been carried out in the specified manner.

b) Invoices should be in English and must contain the following details.

<b>Date of destruction</b>	<b>Vehicle Plate Number</b>	<b>Barcode Number</b>	<b>Vehicle Identification Number (VIN)</b>	<b>Engine Number</b>	<b>Price, Signature and vendor's Stamp.</b>

#### **8. Mandatory Requirement for proper Technical Evaluation:**

a. Availability of gas cutting machine or any other special equipment for cutting the vehicles.

b. Availability qualified man power.

c. General Profile of the Company and experience in provision of similar services.

d. Availability of all safety devices, first aid and accessories.

- e. Responsibility for Movement and escort of materials, workers from and to the work location inside the International Zone.
- f. Insurance for labour and 3<sup>rd</sup> party (UNAMI)
